

Commission on Science and Technology for Sustainable Development in the South

REF: COMSATS/NCP/ISPAD/2025

The Commission on Science and Technology for Sustainable Development in the South (COMSATS) Secretariat presents its compliments to the esteemed Centres of Excellence, and has the honour to inform that the **International School on Physics & Allied Disciplines (ISPAD-2025)** will be held from **14–18 April 2025** at the National Centre for Physics (NCP), Islamabad, Pakistan.

The ISPAD-2025 is being jointly organized by NCP, COMSATS, the Abdus Salam International Centre for Theoretical Physics (ICTP), Italy, and the European Organization for Nuclear Research (CERN), Switzerland.

The event aims to foster scientific collaboration and knowledge-sharing among researchers in physics and allied disciplines, with a focus on High Energy Physics, Applications of Accelerators in Industry, and Plasma Physics. This prestigious event will feature plenary lectures, parallel sessions, tutorials, and poster presentations. The technical sessions, talks and lectures will be conducted by distinguished researchers and experts from renowned scientific institutions of USA, France, Japan, China, Germany, Switzerland, Spain, as well as Pakistan. The event's **Flyer** is enclosed at Annex-1, while program of ISPAD25 is given at website: <https://www.ncp.edu.pk/ispad-2025.php>.

The School is expected to have in-person participation of around 200 active graduate & postgraduate students, post-doctoral researchers, faculty members and research scientists, besides having online participation of relevant scientists and researchers from around the globe.

The esteemed Centres of Excellence are invited to kindly disseminate this announcement among relevant scientists, researchers, and students for their **online** participation at the event. The online participants may join ISPAD25 using the following link:
