TO: All Member Countries of the NAM S&T Centre

Dear Sir/Madam,

SUBJECT: ISRI CON 2025 CALL FOR ABSTRACTS: FIRST EDITION OF THE INTERNATIONAL SCIENCE, RESEARCH, AND INNOVATION CONFERENCE 2025 (ISRI CON 2025)

Greetings from the Centre for Science and Technology of the Non-Aligned and Other Developing Countries (NAM S&T Centre)!!

We are pleased to inform you that we have received a communication from one of our partner organizations, Mauritius Research and Innovation Council (MRIC), Mauritius informing us that MRIC, in collaboration with the Indian Ocean Commission (IOC) is organising the first edition of the International Science, Research, and Innovation Conference 2025 - under the “Transformation of the waste sector towards a waste-energy nexus in the Southwest Indian Ocean region (TWENex)” project. The ISRI Conference 2025 will take place as a hybrid event in Seychelles at the University of Seychelles during 18-19 March 2025.

The ISRI Con 2025 invites **abstracts** from researchers, doctoral students, academics, innovators, entrepreneurs, policy makers, regulators, professionals, and individuals in the field of waste-to-energy transformation by **20 February 2025**.

Abstracts should be submitted here by **20 February 2025**. For submission guidelines and further information, please consult the following page: <https://ioric.org/isri2025/>.

All abstracts will be reviewed by the Scientific Committee who will make the final decision about the acceptance of an abstract. If an abstract is accepted for oral presentation, the designated presenting author will be required to deliver a 10-minute presentation, **either in person or online**. Upon acceptance of an abstract and finalisation of the workshop schedule, the author will receive detailed guidelines for the oral/online presentation, along with the specific date and venue for specific sessions.

We request you to kindly circulate the communication along with the **Call for abstracts** to concerned experts and institutions in your country.

Please visit <https://ioric.org/isri2025/> for more details.

For any clarification, please contact: isri.conference@mrhc.mu.

With kind regards,

Yours sincerely,

Rahul Kumra (Mr.)

Subject: RE: ISRI Con 2025 Call for abstracts - Deadline 31 January 2025

Dear Dr Bandyopadhyay,

Greetings from IOC and MRIC.

Please find below the Call for abstracts for first edition of the International Science, Research, and Innovation Conference 2025 (ISRI Con 2025). Please circulate to interested colleagues and mailing lists.

ISRI Con 2025 Call for abstracts

Extended deadline for abstract submission: 20 February 2025!

The Mauritius Research and Innovation Council (MRIC), in collaboration with the Indian Ocean Commission (IOC) under the “Transformation of the waste sector towards a waste-energy nexus in the Southwest Indian Ocean region (TWEENex)” project is organising the first edition of the International Science, Research, and Innovation Conference 2025.

ISRI Con 2025 will take place as a **hybrid event** in **Seychelles at the University of Seychelles on 18 and 19 March 2025**.

ISRI Con 2025 will provide a unique platform to engage with leading researchers, innovators, and entrepreneurs who are at the forefront of converting waste into sustainable energy. We are confident that the unique insights and groundbreaking work by the experts in this field will significantly enrich the discussions and collaborations at the conference.

ISRI Con 2025 Call for abstracts invites **abstracts** by researchers, doctoral students, academics, innovators, entrepreneurs, policy makers, regulators, professionals, individuals in the field of waste-to-energy transformation by **20 February 2025**.

Please visit <https://ioric.org/isri2025/> for more details.

Submitting your abstract

Abstracts should be submitted [here](https://ioric.org/isri2025/) by **20 February 2025**. For submission guidelines and further information, please consult the following page: <https://ioric.org/isri2025/>.

Topics of Interest:

- Technological advancements in waste-to-energy conversion: Share your research on new technologies and methods for converting waste into usable energy.
- Policy and regulatory landscape for waste-to-energy transformation: Discuss the current policies and regulations affecting the waste-to-energy sector and propose improvements.
- Case studies of successful waste-to-energy projects: Showcase your successful projects, your entrepreneurial ventures and innovative business models that are making a difference in the waste-to-energy sector.

The author must **clearly indicate their selected topic of interest** during submission. Abstracts should be no more than 500 words, clearly outlining the (1) title, (2) background and objectives, (3) methodology, (4) findings, and (5) implications of your work. Graphs and tables are not allowed.

All abstracts will be reviewed by the Scientific Committee who will make the final decision about the acceptance of an abstract. If an abstract is accepted for oral presentation, the designated presenting author will be required to deliver a 10-minute presentation, **either in person or online**. Upon acceptance of an abstract and finalisation of the workshop schedule, the author will receive detailed guidelines for the oral/online presentation, along with the specific date and venue for specific sessions.

We look forward to receiving submissions from NAM S&T Centre's Member State institutions.

Kind regards,

Research Coordinator
